Volunteer Openings are Available

Many committee positions and project openings, for the upcoming season, are available and can use your help. Your time is needed to reassure that the Campground continues to be a fun and attractive place to enjoy. If you have some knowledge, experience, and time to contribute to C.S., please contact a Board Member or management. Many of the past volunteers have stepped down and opened up a need for New Blood to fulfill the obligation. Everyone needs to take their turn giving some time to keep the campground looking good and having fun things to do. Please consider taking just one item. If each person took just one event, one activity or one project, it will help from the few that keeping giving and eventually burn out.

You are needed and your time will be appreciated

News - We All Can Use

If you are a Face Book participant and have frequented the Cedar Shores Group, you certainly have noted comments of those stating the need of better communications of events and important news at Cedar Shores.

there is an easy solution to solve this very important need for better communications in our park. Installing a "Scrolling Information Center" by means of an electronic LED sign is an efficient way to promptly display important information to our members in the park.

The Advisory Team first listed this item in their **June 19th 2012** Survey results publication as number 9 on their Survey Report. It also appeared on their "Make A Difference Survey Information" sheet published in the **June 2012** Cedar Log issue.

During the past few years we have sadly witnessed the disappearance of the Finance, Welcome, Advisory & Election committees, accompanied with a severe loss of volunteers in the Recreation, Beautification, Architectural & Safety committees.

The rapid, dwindling of participants in the Recreation committee is of concern when it comes to this "Information Center" project. Quite some time ago, at one of the previous meetings of the Recreation committee, this sign was discussed as a possible committee assisted purchase, but no further action resulted. At present the committee is not fully functional, causing this important project to not currently be on their agenda.

To avoid further delay, and, if you agree with the survey, you can request the board to immediately review, and if agreed, consider the installation of an "Information Center" sign. This request should be **MADE IMMEDIATELY to the board, in writing**. Requests to the board to include this Asset purchase when they prepare the 2014 Annual Budget, must be

submitted **before July 31st** in order to be included in the 2014 budget.

From the desk of the
Park Manager

Good morning,

The July 4th holiday went very well. No major reports of vandalism or incidents were seen or reported to me.

Do to the recent lack of rain and extreme high temps I postponed cutting grass this past week. We will be out this week cutting all lots and common areas. Please make sure yards are free of debris.

We have started checking septic outlets for broken handles and leaking. I will try to get in touch with lot owners that need repair but if unable to I will send out a letter stating whats wrong. Prompt repair

would be appreciated since this will be considered a health issue.

As always For the remaining of the season the roads will be brinded on a as needed bases. When roads are brinded please do not drive on grass areas of common grounds. This will leave marks and burn up the grass.

Inregards to bathroom cleaning. Please pay close attention to the closed for cleaning signs. Use the other bathhouses while its being cleaned. Are cleaning lady has had gentleman walking in on her while she is cleaning. Thank you and have a great day.
